

HELP FOR JOB SEEKERS:

Get Online, for Free, With Your Library

Problem: I just need the internet – I have a laptop, Chromebook, tablet, etc.

✓ **Solution 1:** Bring your device to any SCLSNJ location to use the Library's free WiFi. Your device will even connect from the parking lot if you can't come during regular open hours. View hours and locations: sclsnj.org/about/branch-locations.

✓ **Solution 2:** Internet-on-the-Go WiFi hotspots can be checked out for free using your library card, just like books. Bring an internet connection home with you, and then return it when you're done. Learn more: sclsnj.org/internet-on-the-go.

Problem: I need a computer.

✓ **Solution 1:** All 10 SCLSNJ locations have free, public internet computers. View hours and locations: sclsnj.org/about/branch-locations.

✓ **Solution 2:** If all regular computers are all busy, ask for a Chromebook. You can use it for two hours inside the Library to connect to the free WiFi.
