In today's challenging job market, employers want workers who have digital literacy skills, whether working remotely or on-site. **SkillUp Greater Raritan**, a program presented by the **Greater Raritan Workforce Development Board**, provides self-paced training in crucial areas. Topics include:

- Computer skills, including using different browsers
- Mobile device use, including iPads, Windows, Gmail and more
- Virtual collaboration tools, including Zoom, GoToMeeting, Microsoft Teams, WebEx, and Skype

Complementing those courses is a "Working from Home" track of classes focusing on such topics as Discovering Your Strengths, Managing Your Career and Work/Life Balance.

During a **GoToMeeting webinar**, participants will learn how to access these and thousands of other courses available in SkillUp Greater Raritan, and review other career and jobs resources.
