Interested in making a difference?

Roche Operations Team in Branchburg, NJ, is working hard to manufacture diagnostics products that provide much-needed testing for patients around the world. We have several positions available including:

Lab Technician: Complete routine Quality Control testing, be familiar with basic scientific principles, and be able to work in a regulated environment.

Production Techniciann - Filling: Perform tube/frame assembly, filling, labeling, and pouching operations consistent with Roche quality standards.

Production Technician - Packaging: Participate within the operation of packaging and labeling and use equipment of varying complexity.

Material Handler: Perform physical and administrative tasks involved in packaging, shipping and receiving on the warehouse team.

Sr Manufacturing Mechanic: Maintain, repair, and the change over of filling, labeling, assembly, and packaging equipment.

Manufacturing Supervisor: Supervise a team that maintains, repairs, and changes over filling, labeling, assembly, and packaging equipment.

Some of the Roche employee benefits include:

- Health coverage effective day one
- Annual performance incentive
- Holiday, vacation, and sick time
- Tuition reimbursement
- 401K and matching on eligible compensation
- Short- and long-term disability insurance

Event Consideration: Beginning November 15, 2021, Roche requires all US-based new hires to be fully vaccinated against COVID-19 as of their start date. If you are unable to receive the vaccine due to a disability or serious medical condition, or because it is prohibited as a result of your sincerely held religious beliefs, you will have an opportunity to request a reasonable accommodation. See event registration for more details.
