#### Interviewing for:

#### [Maintenance Technicians \(Industrial\)](#)

\$26.00 / hour, Full-time

**\$3,500 SIGN-ON BONUS!**

**Starting at \$26.00 per hour (salary commensurate with experience)**

**Shift 2: 2:00 PM to 10:30 PM (includes working on weekends)**

**Shift 3: 10:00 PM to 2:30 PM (includes working on weekends)**

**Summary:** The Maintenance Technician is responsible for the scheduled, unscheduled and preventative maintenance and repair of a wide variety of beverage manufacturing and packaging equipment requiring a strong mechanical skills base to include: hydraulics, pneumatics, electrical, conveyor systems and PLC usage.

#### Essential Functions

- Effectively complete preventive and proactive maintenance per the schedule to prevent breakdowns on equipment.
- Utilize root-cause analysis skills to investigate breakdown and line stoppages while collaborating with other departments.
- Initial responder when a line stops producing and assures that the appropriate mechanical help is on site to correct any problems quickly using electrical and/or mechanical skills.
- Prioritizes work to ensure timely maintenance, repair and installation of equipment, tools and utility systems to minimize manufacturing downtime and completes all required paperwork and documentation in the Computerized Maintenance Management System (CMMS).
- Repair or maintain the operating condition of industrial production or processing machinery or equipment including inspection, assembly, disassembly, and replacement as necessary.
- Observe and test the operation of machinery or equipment to diagnose malfunctions, using voltmeters or other testing devices.
- Operate newly repaired machinery or equipment to verify the adequacy of repairs.
- Analyze test results, machine error messages or information obtained from operators to diagnose equipment problems.
- Inspects operating machines and equipment for conformance with operational and safety performance standards.
- Support the facility's food safety and food quality programs to assure compliance and achieve desired results.
- Perform other duties as required by supervisor.

## **Requirements**

### Education & Experience:

- Three (3) plus years experience in industrial manufacturing maintenance required.
- Electrical/electronic troubleshooting and repair skills required.
- Candidates will be required to take a Mechanical (Electrical) Skills and Aptitude Assessment in order to be considered.

### Position-Specific Skills:

- Ability to read and interpret documents such as safety rules, operating and maintenance instructions and procedure manuals.
- Demonstrated ability to add, subtract, multiply and divide in all units of measure, using whole numbers, common fractions and decimals.
- Ability to use Microsoft Office (Outlook, Word, Excel).
- Ability to work flexible hours if needed.

## **Physical Requirements**

- Must be able to occasionally lift and/or carry up to 100 pounds.
- Must be able to push and/or pull up to 25 pounds.
- Must be able to continuously stand and/or walk for extended periods of time on concrete surface.
- Ability to repeatedly kneel, bend, crouch, reach, climb and/or stoop throughout the shift as needed to successfully perform job duties.
- Successful completion of a post-offer drug screen and background check required.

Refresco is an Equal Opportunity Employer. All qualified applicants will be considered without regard to race, national origin, color, religion, age, genetics, sex, sexual orientation, gender identity, disability or veteran status.

## **Quality Technician**

\$19.00 / hour, Full-time

### **Summary:**

The Quality Technician oversees the Quality Assurance function set forth by each Refresco customer, from raw material receiving through to finished goods; tests & inspects products at various stages of production process; compiles & evaluates statistical data to determine & maintain quality & reliability of products; uses various devices to verify conformity to standards of product; assists in implementing a total quality management program and/or trains others on total quality management.

### **Responsibilities:**

- Oversee the Quality Assurance analyses/functions in the processing of raw materials to finished goods and ensure compliance to company, customer, FDA, DOC, USDA and GMP specifications and regulations.
- Perform the Quality Assurance functions of production lines and/or the Quality Assurance bench product analysis for the lines and tankers of raw product.
- Obtain samples and perform analytical testing to ensure conformance to specifications.
- Conduct routine comparisons of products against established standards in regard to color, aroma, texture and flavor.
- Audit, document and report production process.
- Identify and hold non-conforming products, packaging and ingredients.

- Effectively communicate quality issues to management, assist in identifying root cause and establish corrective action.
- Demonstrate excellent job performance and attendance on a consistent and continuous basis.
- Must adhere to Good Manufacturing Practices (GMPs) and Safety Procedures as set forth by Refresco US rules, regulations and practices.
- Other duties as assigned by supervision.

**Qualifications:**

- High School Diploma/GED or one (1) to three (3) months of related QA experience and/or training; or equivalent combination of education and experience.
- Ability to calculate mathematical figures and apply concepts of basic algebra and geometry.
- Demonstrated ability to understand manufacturing software.
- Ability to read, comprehend, and following written work related instructions.
- Ability to work without close supervision.
- Ability to work any shift assigned.

**Physical Requirements:**

- Must be able to occasionally lift and/or carry up to 50 pounds.
- Must be able to push and/or pull up to 10 pounds.
- Must be able to continuously stand and/or walk for extended periods of time on concrete surface.
- Ability to repeatedly kneel, bend, crouch, reach and/or stoop throughout the shift as needed to successfully perform job duties.
- Successful completion of a post offer physical assessment, drug screen and background check required.

Refresco is an Equal Opportunity Employer. All qualified applicants will be considered without regard to race, national origin, color, religion, age, genetics, sex, sexual orientation, gender identity, disability or veteran status.
