MISSION: Through data-driven planning and community partnerships, the Greater Raritan Workforce Development Youth Committee supports youth, especially those with challenge circumstances, in Somerset and Hunterdon counties. For those being served, this will result in:

- Financial independence and personal fulfillment
- Credentials
- Skill gains
- Career pathways

Through this work, which focuses on making connections and community partnerships, unmet needs and gaps in service also will be identified, with added attention given to those who do not respond to traditional outreach and intervention. Other outcomes may be a targeted resource manual and special events as needs dictate.
