

You are invited to the Financial Friday Workshop

Friday, June 9, 2023, at 11:30am via **Zoom**.

Please join the Middlesex County Office of Workforce and Career Development as we present the first in a series of Financial Friday workshops. Yolanda Swiney, Vice President/Community Development Officer with Community Development Banking at PNC will be presenting **Credit Scores and Reporting** on Friday, June 9, 2023, at 11:30am.

Your credit score determines a lot more than the loans you can get and the interest rates you pay. Insurers use credit scores to set premiums for auto and homeowners' coverage. Landlords use them to decide who gets to rent their apartments. Credit scores determine who gets the best cell phone plans and who must make bigger deposits to get utilities.

Explore the importance of credit scores and reports and learn how to access information about your credit score and report. Please join us to discuss strategies on how to build and improve your credit and protect yourself from incorrect claims and fraud. Discover the secret to building and maintaining a strong credit score, as well as understanding the factors that impact your creditworthiness.

This empowering and educational session aims to provide you with invaluable insights into the world of credit scores and reports, equipping you with the knowledge to make informed financial decisions.
