

**You are invited to the monthly “Workforce Wednesdays” Workshop on July 19, 2023, at 11:00 am (EDT):
Topic: “ChatGPT: Job Seeker’s Friend or Foe”**

Artificial Intelligent (AI) Chatbots like ChatGPT have taken the world by storm. With over 100 million users in less than two months, it is the fastest-growing computer application to hit the world, EVER! It continues to grow exponentially not only in the number of users but in its power and flexibility. So, what’s the big deal?

This tool, in all modesty, will CHANGE WORK AND LIFE AS WE KNOW IT. Not only will jobs be displaced, but ultimately, even more will be created. In this session, we share with you some background information to understand this amazing tool while sharing insights about applying its power in the world of job hunting. We will discover the opportunities and limitations of this life-changing resource as we get answers on how this technology could help us all be better at what we do. Work and life will never be the same. We are making history. Join us to discover what ChatGPT can do for you and your personal/professional life.

Dr. Scott Dell is an experienced Career Coach, award-winning Educator (UW-DBA, Wharton MBA), successful Entrepreneur (multiple industries), inspiring Manager, lifelong Learner, experienced Salesperson, avid Technologist, LinkedIn advocate/Author, proud Navy Veteran, and caring Business Professional as well as a LinkedIn and AI expert. He has presented keynotes, CPE programs, and multiple training sessions on AI and ChatGPT to global audiences. His powerful and engaging style makes for an interesting and informative event.

He is active in the career space, including authorship of the definitive source for using LinkedIn titled “Your COMPLETE Guide to SUCCEEDING with LinkedIn”. He also specialized in serving 18–28-year-olds as they seek to actively pursue career internship and job opportunities. His application of ChatGPT and development of prompting methodologies to best use this tool help all that want to maximize the benefits from using this powerful tool.

Dr. Scott will inform and inspire you to understand AI technology and how you can apply it to enhance your future personal and professional prospects.
