UPCOMING EVENT

Job Seekers Are Invited to Attend This Virtual Career Workshop:

Times of transition hold both challenges and opportunities. What are you really committed to in this moment?
Tony Robbins once said, "Quality questions create a quality life."

- Is your behavior consistent with what you are committed to?
- Are you present and engaged in your own life?
- Are you satisfied with your choices?
- Would you like to make better choices in the future?

Our life is made up of decisions. When we ask the right questions it heightens our awareness and allows us to see more clearly. The strategies and philosophies that will be presented in this workshop provide attendees with tools that self-empower. The workshop is designed to help you achieve your personal best professionally and personally. It's a point of view that is based on choice. Self-empowerment feeds our unconscious mind to make conscious choices that allow us to be successful.

Registration for the workshop is required. Register at <https://bit.ly/4lvj3A1> or by using the QR code. This workshop is being presented in conjunction with the Greater Raritan One-Stop Healthcare Industry Multi-Employer Recruitment Event being conducted from 10 a.m. to 12 p.m. Thursday, September 25, 2025, at the Hunterdon County Chamber of Commerce, 119 Main St., Flemington. The Greater Raritan Workforce Development Board and the New Jersey Manufacturing Extension Program are collaborating on a New Jersey Department of Labor and Workforce Development Opportunity Partnership Grant that provides **free online training** in manufacturing. The OPG program allows eligible residents of Hunterdon and Somerset Counties to get an **OSHA-10 certificate** in safety standards, and receive a certification for **Certified Manufacturing Associate** in fundamental production know-how. WHAT IS INVOLVED

The OPG Program is **designed for dislocated workers and underemployed individuals** who are interested in starting a new manufacturing career. Applicants will work with the OPG Coordinator and the Greater Raritan One-Stop Career Center to complete eligibility documentation. Approved students will receive instruction and progress through cohorts directly from an instructor providing the teachings for the credential. The courses are **accessible anytime, anywhere** and will be supported by **in-person assistance**. Those who complete the program will be prepared for interviews with **companies hiring** in Hunterdon and Somerset Counties.
