

FISCAL POLICIES AND PROCEDURES

The Greater Raritan Workforce Development Board (GRWDB), is committed to transparency and accountability in all workforce initiatives. Following are GRWDB **Fiscal Policies and Procedures**, grouped together in a single document. These policies and procedures aim to present clear and understandable guidelines that help GRWDB staff do their work while detailing to the community how that work is done.

As outlined by the New Jersey Department of Labor and Workforce Development (NJDOLE) Office of Internal Audit, these policies and procedures are essential to ensure responsible management of federal and state grant funds, including compliance with financial management, internal, and cost principles, as well as state regulations and NJDOLE grant requirements.

These policies were codified as part of the GRWDB's Program Year 2024 Audit Report. They were reviewed by the GRWDB Operations Committee and were reviewed and approved by the full Board at its October 2, 2025. This document can be found on the [About: Mission, Policies and Strategic Priorities](#) page of www.thegrwdb.org, where all GRWDB policies are housed for transparency and public information and access.

Policy:

The GRWDB, as a recipient of funds under WIOA Title I is required to comply with Uniform Guidance [WIOA Section 184(a)(3)]. This includes general principles guidance on selected items of cost. The GRWDB will utilize all local, state, or federal guidelines.

In general, to be an allowable charge to the WIOA, a cost must meet the following criteria:

- Be necessary and reasonable for the performance of the award.
- Be allocable to the award.
- Conform to any limitations or exclusions set forth in the award.
- Be consistent with policies and procedures that apply uniformly to both federally financed and other activities of the non-federal entity.

- Not be used to meet cost sharing or matching requirements of any other federally financed program (without prior approval from the state).
- Be adequately documented.

Expenditures of WIOA funds are allowable only for those activities permitted by the WIOA statute or federal regulations. Required and permissible program activities for adult and dislocated workers can be found in the WIOA Section 134(c) and (d) respectively. - The state audit monitoring team also will be consulted for technical assistance and guidance as needed

FISCAL POLICIES AND PROCEDURES

Budget

Policy:

The GRWDB budget is derived from the Notice of Award (NOA) Memos received from the NJDOL.

For the WIOA Federal Funds relating to Adult, Dislocated Workers and Youth, the NOA memo is issued by the State of New Jersey Department of Labor and Workforce Development. This memo is typically received in May or June for the program year beginning in July and ending in the following June. For example, the memo received in May 2025 for the program year (2025) beginning July 1, 2025, and ending June 30, 2026. These funds must be 80% obligated by the end of the first year and fully expended by the end of the second year. For purposes of this example, funds must be 80% obligated by June 30, 2026, and fully expended by June 30, 2027.

Beginning for Program Year 2025, Work First New Jersey Funds is moving to a new schedule to coincide with the federal budget calendar. The memo is expected to be issued by the State of New Jersey Department of Labor and Workforce Development in August or early September, beginning on October 1 and ending in July and ending in the following September. For example, the memo received in August 2025 for the program year (2025) beginning October 1, 2025, and ending September 30, 2026. These funds must be fully obligated by September 30, 2026 and fully expended by the end of the calendar year. For purposes of this example, funds must be 100% obligated by September 30, 2026, and fully expended by December 31, 2026.

The NOA Memos must be approved by the board of the GRWDB and then go through the county resolution process, with acceptance of the awards by the county commissioners. GRWDB staff members prepare the resolution and related cover sheet. The NOA along with the approved resolution is then submitted to the Finance Office to be placed into the Somerset County budget.

Each program budget is derived from the NOAs. Each program budget is then allocated to Administration Staff, Program Career Services Staff and Participant Training based on the appropriation allocation.

This process is followed for all other NJDOL NOAs and grants the GRWDB may apply for during the course of the program year.

Procedures:

- The GRWDB receives the Notice of Award in IGX Sage.

FISCAL POLICIES AND PROCEDURES

- The NOA is approved by either the full GRWDB or Executive Committee depending upon the timing of the award.
- The GRWDB prepares a resolution and cover sheet of the NOA for the the next commissioner's meeting following the standard resolution/cover sheet approval process.
- After the resolution is approved, the resolution and NOA are sent to the County Finance Department to be placed in the Somerset County budget, and that insertion is subsequently approved at the next available Commissioners meeting.
- The Finance Department sets up new account numbers for the appropriations in MSI.
- GRWDB staff prepare the preliminary detailed WDB budget which is presented to the full board of the GRWDB for annual approval. Once approved, the detailed budget amounts are provided to the Finance Department for insertion into MSI.
- The GRWDB Finance Manager updates the Funding and Expenditure report monthly in consultation with the GRWDB Director.
- Monthly Expenditure reports and related cash drawdowns are reviewed by the GRWDB Director and the county Fiscal Manager who submits the final documents.
- The Finance Manager also prepares a detailed budget to be presented, along with the State Contract on an annual basis.

Internal Controls:

- The Somerset County budget must be approved at the Commissioners meeting
- The county Finance Department updates MSI to reflect the allocation of funds

Drawdowns

Policy:

Drawdowns are a requests to draw funds from NJDOL for payment of specified contract or grant costs incurred by the GRWDB. Drawdowns are prepared and requested on a monthly basis. It is the GRWDB's' policy to minimize the time between drawing down the funds and paying them out for grant activities. All drawdown requests are reviewed by the GRWDB Director and reviewed and approved by the county Fiscal Manager prior to submission.

Procedure:

- On a monthly basis the GRWDB Business Manger generates a report of expenditures and encumbrances through MSI.
- The Business Managers prepares a worksheet, which lists by account the amount of bi-weekly payroll and bill meeting expenditures incurred since the last drawdown.
- The Business Manager compares the balances on the worksheet to MSI report as these should represent the same amount of expenditures processed for payment.
- The worksheet is updated to reflect receipts or disbursements that have been posted in MSI and calculates the drawdown amount to be requested.
- The Business Manager prepares the drawdown request form to include an updated request number and amounts by account and year.
- The Business Manager updates the Drawdown Summary Report and confirms that there are sufficient funds remaining in the grant by checking the balances in the Drawdown Summary Report against the amounts being requested.
- The Business Manager provides the drawdown request to the county Fiscal Manager for review and approval, who then submits a request via SAGE/IGX.
- Once the county Finance Department receives the state wire for the drawdown, the county provides a copy to the Business Manager who matches this against the prepared request.

Note: Wires are typically received within one week of the drawdown submission by the county and reported to the GRWDB on the day of receipt.

Internal Controls:

- All drawdown requests made to the State of New Jersey must be reviewed by the GRWDB Director and reviewed and approved by the county Fiscal Manager prior to submission.
- The Business manager notifies the Fiscal Manager and WDB Director of the drawdowns reported to the State.

FISCAL POLICIES AND PROCEDURES

Travel

Policy:

In these cases, GRWDB employees are permitted to use the county vehicle dedicated for GRWDB use by the Somerset County Administrator's Office. Additionally, when multiple employees are attending the same event, it is strongly encouraged that they either carpool or utilize the county vehicle. This form should be submitted at least 60 days prior to travel dates when possible. (Note that meals will not be reimbursed since the grant cannot pay for food per USDOL policy.) Once that approval is received, the Business Manager will create a requisition for the conference fees for the sponsoring agency. Payment will be made after the conference is completed.

All requests for travel-related conference, etc. expense reimbursements must be submitted by GRWDB employees within two weeks of the completion of travel. All individual travel and expense invoices must be approved by the GRWDB Director and go through the normal county approval process for reimbursement of expenses, starting with the Business Manager, who will create the requisition for the individual employee's expenses.

More details and procedures are outlined in the [Somerset County Travel and Conference Expenses policy](#) adopted on March 25, 2025.

FISCAL POLICIES AND PROCEDURES

Vendor partners who wish to attend career-related conferences may have their attendance and overnight stays paid for by the GRWDB using conference and travel-related funds budgeted by the GRWDB annually. Funding is limited and will be utilized on a first-come, first-served basis. A vendor may ask the GRWDB Director for attendance approval at any point during the program year, with the expectation that such requests will be given at least 60 days prior to the event whenever possible. If funding is available and the approval is given, the vendor will work with the GRWDB Business Manager to provide the documentation needed to create a requisition for payment to the conference organizer. The requisition will follow standard county processes and attendance will be reimbursed to the conference organizer once the conference is over.

Procedures:

- Employees must obtain supervisor approval on travel and expense vouchers using the County of Somerset Request for Authorization for Conference Attendance form.
- Once approved, the Business Manager will create a requisition for the conference fee attendance using the appropriate account strings in MSI. This requisition will then go through the normal county approval process. Once generated, the PO will be sent to the conference sponsor which can request payment after the conference/event is over.
- Employees who accrue lodging and travel expenses must keep detailed receipts for the related expenses and then submit them for payment following standard county processes. The Business Manager will create the requisition for payment using the appropriate account strings in MSI. The requisition will be reviewed and approved by the GRWDB Director and then follow standard county processes.
- Travel expenses accrued by the GRWDB Director will be approved by the County Administrator for payment following standard county processes.
- Vendors utilizing GRWDB travel and expense budget dollars must get approval for attendance from the GRWDB Director, dependent upon available funding. Once approved, standard county expenditure processes will be followed.
- Copies of all expense documentation are uploaded into MSI following standard county processes and copies are retained in GRWDB files.

Internal Controls:

- GRWDB staff members must obtain supervisor pre-approval for travel and related expenses following the Somerset County Travel and Conference Expenses policy.
- GRWDB vendors must obtain GRWDB Director to attend conferences if they wish to utilize available GRWDB conference and travel expense funding.
- A supervisor must approve all expense reimbursement vouchers which will then follow standard county procedures.
