Consider a Career as a Carpenter for TV and Film

In partnership with the I.A.T.S.E. Local 52, Reel Works is hosting an intensive training program to prepare rising New Jersey professionals with the essential skills needed to work successfully as Shop Craftpersons—a first step toward a career in the entertainment industry.

The shop craft (carpentry) department is one of the most crucial parts of any production: they build, install, and remove all wooden structures on set.
